### UNIVERSITY SYSTEM EMPLOYEES RECOGNIZED FOR SERVICE

BANGOR – More than 60 employees of the University of Maine System were recognized for career milestones at receptions in Augusta and Bangor this week. University of Maine System Chancellor Joseph W. Westphal hosted receptions for employees of the System's University College outreach centers and its System-wide Services employees.

System-wide Services employees perform a wide variety of policy and administrative support services for the System's seven universities and its 34,000 students and 5,000 employees.

The System's University College outreach centers offer on-site and off-site access to courses as well as certificate and degree programs of the seven universities within the University of Maine System.

Established in 1968, the University of Maine System is the state's largest educational institution, with more than 34,000 students enrolled. It features seven universities – some with multiple campuses – located across the state, as well as 11 University College outreach centers and more than 100 interactive distance education sites.

**Editor's Note:** The complete list of honorees follows.
